As a resident of Mount Pleasant, I am in favor of UBER and we use it often. If we go out to dinner and have a glass of wine, it is safer to have Uber drive. Taxi services are not readily available and too hard to plan and Uber is our go to! Our grown children use Uber as well when they go downtown with their friends - why would you take away a safe travel option for your residents! Growth and traffic are terrible and now this - very disappointed in your leadership on this issue. Please work with Uber to keep this option

When I was relocated to Greenville SC from Charlotte I was so excited when I learned that at least SC had Uber. Being a single women who uses Uber weekly, I do not know what I am going to do if you do not give uber the licenses to operate in SC. Greenville never has any cabs downtown, and even if they did Uber is always clean and the drivers are friendly. I feel 100x more safe in an uber than a cab!

Please do what's right #scneedsuber

I am an Uber driver and just want to let you know that Uber requires all there vehicles to have a yearly safety inspection along with insurance and full background Checks in fact most Uber customers feel safer with Uber than in a cab due to the fact all Uber vehicles must be kept in immaculate condition and must be less than 6 years old all this being said I think that Uber should be allowed to operate in this state also I personally carry a class A CDL with hazmatt and tankers and have earned a 1 million mile safe driving award I doubt any of the cab drivers have done that. Thank you so much please reply back at your earliest convenience.

As a resident of SC, I live in an area where it is impossible to get a taxi.. Uber has prevented driving under the influence numerous times. It provides a safe and quick ride to my home. I am so distressed that we will not have this option as we have never had such an efficient and easy access to transportation! I beg of you for the safety of all the residents of SC to reconsider this decision. It is a valuable resource for our community... Many thanks for your consideration..
